ITEM 7.01. Regulation FD Disclosure.

On July 29, 2019, OPKO Health, Inc. (the "Company") and Phillip Frost, M.D., Chairman and Chief Executive Officer released a joint statement on the Company's website regarding Dr. Frost's recent hospitalization. According to the statement:

Dr. Frost informed the Company that he admitted himself into the hospital within the last few days after experiencing chest pains. Dr. Frost has undergone a successful surgery, and he is expected to make a full recovery. Dr. Frost has been in regular contact with Company management and members of the Board of Directors during his hospitalization, and the Company is continuing to operate normally. The Company will provide further details as appropriate. In the meantime, the OPKO family wishes Dr. Frost a speedy recovery.

ITEM 8.01. Other Events.

As previously announced on June 20, 2019, the Company submitted a de novo request to the U.S. Food and Drug Administration ("FDA") seeking regulatory clearance for the *4Kscore*® test. The Company plans to refile its *4Kscore*® test submission as a premarket approval ("PMA") application. A PMA submission is the review process used by the FDA to evaluate the approvability of Class III medical devices. The decision to submit the *4Kscore*® test as a PMA submission is based on FDA feedback to the Company's de novo request for this test, which has now been withdrawn. The FDA did not request any additional clinical data or any additional clinical trials in connection with a PMA submission. The Company currently anticipates submitting the PMA application in August 2019.
