PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of EXEGENICS Inc. (the "Company"), a Delaware corporation, of proxies, in the accompanying form, to be used at the Annual Meeting of Stockholders to be held at 9:00 a.m. on Monday, May 13, 2002 at the Company's office, which is located at 2110 Research Row, Dallas, Texas, and any adjournments thereof (the "Meeting").

Where the Stockholder specifies a choice on the proxy as to how his or her shares are to be voted on a particular matter, the shares will be voted accordingly. If no choice is specified, the shares will be voted:

- FOR the election of the nominees for director named herein,
- FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants for the fiscal year ending December 31, 2002.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date. Any Stockholder who has executed a proxy but is present at the Meeting, and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the Meeting and not revoked at or prior to the Meeting, will be voted at the Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Meeting. Votes of Stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes (as defined below) are counted as present or represented at the meeting for purposes of determining whether a quorum exists.

Nominees for election as directors at the meeting will be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting. Withholding authority to vote for a nominee for director will have no effect on the outcome of the vote. For the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent public accountants for the fiscal year ending December 31, 2002, the affirmative vote of a majority of shares of Common Stock present or represented by proxy and entitled to vote on the matter is necessary for approval. Because abstentions are treated as shares present or represented and entitled to vote, abstentions with respect to this proposal have the same effect as a vote against the proposal.

If you hold your shares of stock through a broker, bank or other representative, generally the broker or your representative may only vote the stock that it holds for you in accordance with your instructions. However, if it has not timely received your instructions, the broker or your representative may vote on certain matters for which it has discretionary voting authority. If a broker or your representative cannot vote on a particular matter because it does not have discretionary voting authority, this is a "broker non-vote" on that matter, which will have no effect on the vote.

The close of business on April 4, 2002 has been fixed as the record date for determining the Stockholders entitled to notice of and to vote at the Meeting. As of the close of business on April 4, 2002, the Company had

16,180,935 shares of Common Stock, \$.01 par value per share (the "Common Stock") and 831,574 shares of Series A Preferred Stock, par value \$.01 per share (the "Series A Preferred Stock"; collectively with the

Common Stock, the "Voting Securities"), outstanding and entitled to vote. Holders of Common Stock and holders of Series A Preferred Stock are entitled to one vote per share on all matters to be voted on by Stockholders. The holders of Series A Preferred Stock vote together with the holders of Common Stock as one class.

The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of Voting Securities of the Company for their expenses in forwarding proxy material to such beneficial owners. We have engaged Georgeson Shareholder Communications Inc. to assist with the solicitation of proxies for an estimated fee of \$5,000 plus reasonable out-of-pocket expenses. Our directors, officers and employees may also solicit proxies by mail, telephone, telegram, telex and personal contact. No additional compensation will be paid for such solicitation.

This Proxy Statement and the accompanying proxy are being mailed on or about April 12, 2002 to all Stockholders entitled to notice of and to vote at the Meeting.

The Annual Report to Stockholders for the fiscal year ended December 31, 2001 is being mailed to the Stockholders with this Proxy Statement, but does not constitute a part hereof.

(2) The options were granted pursuant to the Company's Amended and Restated 2000 Stock Option Plan. Options to purchase 75,000 shares of Common Stock vest annually in 2 equal installments commencing one year from the date of grant. Options to purchase 25,000 shares of Common Stock vested at the time of the grant.

(3) The amounts shown in this table represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of the Common Stock, the optionee's continued employment through the option period and the date on which the options are exercised.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

The following table provides information regarding the exercises of options by each of the named executive officers during fiscal 2001. In addition, this table includes the number of shares covered by both exercisable and unexercisable stock options as of December 31, 2001 and the values of "in-the-money" options, which values represent the positive spread between the exercise price of any such option and the fiscal year-end value of the Common Stock.

(1) Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.

(2) The value of unexercised in-the-money options at fiscal year end assumes a fair market value for the Company's Common Stock of \$3.33, the closing sale price per share of the Company's Common Stock as reported in the NASDAQ National Market System on December 31, 2001.
